Report of Road Commissioner

The East Proctor Road was surface treated at a cost of \$809.86, of which the State paid \$539.91. Six hundred feet of coarse gravel base with fine gravel top widened, ditched and shaped were constructed on the Chittenden Road with the State 5% money, \$340.24.

Unselected Highway Fund of \$854.76 was used as follows: Coarse gravel base covered with fine gravel for 650 feet on the Cold River Road at a cost of \$458.77. 1600 feet on the West Proctor Road were widened and ditched then graveled. Coarse gravel base was used on 300 feet and the total cost was \$395.99.

Calcium chloride was spread from Mill Village Chapel to the foot of Sand Hill at a cost of \$189.54 of which the State paid one-half.

Special Resurfacing Fund of \$360.00 from the State and \$420.00 Town Funds were used on the Sand Hill. 2,350 feet of road were widened, shaped and graveled.

All accounts are paid to date, Feb. 1, 1933.

Orders drawn by Fred S. Hawley.

Respectfully submitted,

FRED F. CLARK,
Road Commissioner

To the Board of School Directors and Citizens of the Town of Rutland

I am glad to submit a report of the condition of your schools and a few recommendations.

The following table shows the enrollment in your schools for the present year.

School Room	No. Pupils
Center Rutland, Grade 1 and 2	29
Center Rutland, Grade 3 and 4	23
Center Rutland, Grade 5 and 6	45
Center Rutland, Grade 7 and 8	32
Dyer School	25
Post School	21
Haiti School	25
Cheney Hill School	27
Mill Village School	22
	<hr/>
Total	249

Per cent attendance, 1931-1932—94.5

Cost per grade pupil, approximately \$57.

Cost per pupil for high school tuition, \$93.50 (89 pupils)

The school buildings in your town are in satisfactory condition with the exception of minor repairs and the usual need of new paint here and there. Such minor upkeep can probably be attended to as cheaply now as in the future. I would recommend that repairs be made as soon as needed in order that a costly accumulation of needs may not arise.

The scholarship achievement of the intermediate and upper grades in your schools has been surveyed using the New Stanford Achievement Tests as the instrument of measurement. I have made a number of similar surveys of schools in past years. It should be stated at the outset that all your rural schools are in good condition as regards

scholarship when compared with the results in other towns on the first test. They will improve as the results of the tests are applied in the teaching and management of the schools. The main value of such a survey lies in the fact that each teacher now has available the information on which to base her remedial teaching including data which shows which subjects need more stress in her particular school.

The Center Rutland grades seem to need this information especially. The fact that many pupils in those grades need more work in reading and English was to be expected. Much of the other school work being so independent upon ability to read naturally lowers the whole standard of work of those who have trouble in reading. The survey tests will be especially valuable to the Center Rutland teachers in improving the standards of pupil achievement. I would recommend that the tests be used also for placement of incoming pupils in their proper grades.

Parents of pupils will find the graph of each pupil's achievement on file with the teacher at the school. The graphs are interesting and parents are urged to study their children's achievement as thus determined. Every effort should be made to raise the achievement standard of the pupils. I have known of no case where a real and judicious effort was made to do this in which the median was not raised.

I wish to take this opportunity to thank you and the citizens of Rutland Town for your cooperation and interest in the welfare of your schools.

Respectfully submitted,

W. L. TAPLIN,
Superintendent of Schools.

P. W. REILLY,
JOHN F. EDDY,
ARNOLD W. ROWE,
School Commissioners.

Report of the Health Officer For The Year of 1932.

To the Citizens of the Town of Rutland:

The year 1932 was the most busy and expensive year since I was appointed Health Officer. I tagged seventeen houses for Measles, twenty two for Mumps; five for Scarlet Fever and one for Whooping Cough.

I also investigated several complaints such as the dumping of dead cows and horses out on the meadows. There is a heavy fine for this practice as all animals should be buried. There were also other complaints too numerous to mention.

Respectfully submitted,

ARNOLD W. ROWE,
Health Officer.

Auditor's Report

We have examined the accounts of the Town and believe them to be correct. We are glad to state that with the lowered tax rate, we were able to reduce the debt a considerable sum.

E. J. FOX,
H. E. LESTER,
Auditors.

NOTICE

The legal voters of the Town of Rutland are hereby warned to meet at the Town Hall at Center Rutland on Tuesday, March 7, 1933, at 10 o'clock A. M., to act on the following matters, namely:

1. To see if the Town will empower and authorize Selectmen to appoint one or two Road Commissioners.
2. To choose all necessary officers required by law.
3. To see if the Town will vote to raise money by tax or otherwise to pay current expenses and indebtedness of the Town and State, School, Highway and County taxes.
4. To see what time the several taxes shall be due and payable.
5. To see what compensation the Town will vote for Town Officers.
6. To see if the Town will appropriate a sum of money to secure the use of the Rutland Free Library to the inhabitants of the Town, and if so, how much.
7. To see what provisions the Town will make for the higher education of the scholars of the Town.
8. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town.
9. To transact any other necessary, legal and proper business.

H. W. ROSS,
O. A. THOMAS,
W. W. SEWARD,
Selectmen.

Rutland, Vt., Feb. 16, 1933.
